YANKEES HOLD GERMANS BACK FROM CROSSING MARNE

AMERICANS BOTH OUTGAMED AND OUTSHOOT THE ENEMY

With Machine Guns Mounted in
Windows of Chateau-Thierry,
They Fight Off the Huns

MANY AMERICANS ARE GREEN

But They Share With Veteran U. S.
Marines the Glory of Stopping
Enemy's Advance

ASSUMING THE INITIATIVE

Allied Forces Drive Back Huns at
Two Points on Western End of
Marne Front

(By United Press.)

With the Americans on the Marne Front, June 6.—Fighting with machine guns mounted in the windows of Chateau-Thierry, Americans today held the crossing of the Marne. They outshot and outgamed the enemy.

Many of the Americans were green at the business, but they shared with the veteran United States Marines the glory of stopping Germany's advance at the Marne.

For three days the battle was most bitter. The Marne runs through Chateau-Thierry, dividing the town. One side was held by the enemy; the other by the Americans and French.

Despite our withering fire, the enemy came on repeatedly from the other side of the stream. Our machine guns were constantly going. Officers aided in keeping off the Boche with revolvers. Then the enemy mounted machine guns on their side of the river opposite the Americans and opened fire. One troop of Americans had guns in an old mill directly over the water and the Boche were just across. For two days they fought, trying to dislodge each other. The Yankees finally won, inflicting heavy damages and silencing the German guns.

Our guns also commanded a wheat field at the edge of the town, through which the enemy repeatedly attempted to advance. At times as many as nine waves of troops were visible in this field, endeavoring to deliver success by this means, but they were repulsed.

Meantime the fire was poured in on the Americans. The enemy held hill 204 overlooking our position and made the most of the situation, but the Americans stuck. Those guarding the bridge maintained a hail of bullets at its approaches and prevented the Boche from crossing until it had been blown up. Then a strong fire prevented the enemy engineers from going across.

Take 150 German Captives

Paris, June 6.—Allied forces assumed the initiative on the Marne battle front last night, it was indicated by the French statement today. The Germans were driven back at two points on the western portion of the front, losing 150 prisoners.

Sharp cannonading was reported on the western and eastern wing.

"South of Noyon the French pressed back the German troops which had crossed the Oise, taking a hundred prisoners," the statement said.

"North of the Aisne the French rechristened their position. Fifty prisoners were taken.

Battle May be Resumed

With the French Army on the Marne, June 6.—Despite the present stabilization of the Marne from Chateau-Thierry to Noyon, there is no indication on the part of the

Germans either to entrench or fortify themselves, which might show an intention to rest on their present line.

Consequently the battle may be resumed with increased fierceness at any moment.

The Germans have brought up artillery and have relieved their infantry divisions.

In the meantime the allies have been strengthening their positions, especially along the Marne.

Battle Twice Their Number

Washington, June 6.—Sharp fighting between American patrols and German forces in Lorraine has been going on every night since Sunday. General Pershing reported today, Sunday night and early Sunday morning, an American patrol battled with twice its number of Germans, blazing away for an hour with rifles, pistols and grenades until their ammunition was exhausted and they were forced to retire.

Tuesday night the Americans penetrated enemy second line trenches, withdrawing successfully after they had inflicted heavy losses on the enemy.

British Air Operations

With the British Army in France, June 6.—British airmen brought down three hundred and thirty-six planes in less than three weeks up to June 2, with two hundred and eighty-three totally destroyed.

During the same period more than five hundred tons of high explosives were dropped behind the German lines. Cities where large munition plants are located were attacked repeatedly and set afire many times.

In one day British airmen shot thirty-four Prussians from the sky and dropped sixty tons of explosives on enemy military centers, going as far as Bruges. Disregarding the anti-aircraft fire, they swept to the ground and started a disastrous fire along the water front.

The next day the same sky raiders demolished twenty-six German planes. They dropped fifty-three tons of high explosives, going as far as Karlsruhe where they bombed trains, railways and war plants. The bombing squadrons were protected so perfectly that only one British plane failed to return."

ASKS APPROPRIATION FOR COAST DEFENSE

Secretary of War Baker Proposes
to Build Sixteen Stations at
Cost of Million Each

THIRTEEN ON ATLANTIC COAST

Washington, June 6.—Secretary of War Baker today asked provision in the new fortification bill for 16 coastal aerial defense stations to guard against submarine and airplane attacks.

The estimated cost is \$1,000,000 each. Thirteen of them will be on the Atlantic coast.

Sites for the stations have been selected. They can be built within six weeks after appropriations are available, Baker informed the committee framing the fortification bill.

Ruel Bennett will go to Indianapolis Monday to take up work with an electrical company. Because of his new position he will be unable to conduct the electrical course here during the summer.

SOLDIERS AND SAILORS TOO

Army Khaki and Navy Blue Intermingled on Troop Coaches

The military khaki and the navy blue were mingled in the troop coaches which passed through this city yesterday afternoon, traveling from northern camps. The coaches were attached to the 3:55 passenger train on the C. I. & W. and as the westbound train passed through the city, the lusty voices of the soldiers and sailors sang out greetings to people in the vicinity of the train. There were forty-two soldiers and sixty-eight sailors included in the list of transients.

PUTTING A DAMPER ON FOURTH CELEBRATION

Farmers Have No Time to Spare for
County Wide Celebration Because of Busy Season

DEFENSE BODY WILL DECIDE

With the Fourth of July less than a month away, the usual agitation for a patriotic demonstration has been started in Rush county with little expectation, however, of securing a county wide endorsement of the movement.

The matter of a patriotic demonstration has been turned over to the county defense council and under the direction of T. M. Green, a meeting will be called soon to decide definitely what course to take in the matter. The fact that farmers are exceedingly busy at this time and that their busy season will extend over the Fourth is tending to place a damper on plans for any demonstration of a patriotic nature.

That the most patriotic manner in which a farmer can spend the day is to use it for work on the farm is the decision which many of Rush county's prominent farmers have reached and with the monster harvest with which the agriculturists must deal this summer, they cannot afford to allow a day's pleasure interfere with their work and threaten the loss of a certain percent of it.

DR. W. S. COLEMAN IS ACCEPTED IN ARMY

Will Probably be Sent to Medical
Officers Training Camp But
Does Not Know When

RESIGNS FROM ARMY BOARD

Dr. W. S. Coleman has been accepted for service in the army and probably will be sent to a medical officers training camp. Dr. Coleman enlisted several weeks ago, but just now has been accepted. He has no probably will be sent to a medical officers training camp. Dr. Coleman camp is now located at Fort Oglethorpe, Georgia.

Dr. Coleman has resigned as physician member of the county army selection board and the board has been asked by the state conscription officer, Major Baltzell, to recommend his successor, who will be appointed.

Dr. Coleman sent his letter of resignation to Governor Goodrich and Major Baltzell replied, expressing deep regret at losing his services.

GET JUDGMENT IN COURT

Charles C. and Oliver Brown have been awarded a judgment of \$28.26 and costs in the circuit court against William H. Shepler, whom they sued for \$65 on an account.

RUSHVILLE WOMAN IS ELECTED AGAIN

Mrs. Rhoda Offutt Succeeds Mrs. Raymond Hargrove as President of M. E. Woman's Society

DISTRICT CONVENTION ENDS

Next Annual Session Will be Held at Connerville—to Help in Army Camp Work

With the election of Mrs. Rhoda Offutt as district president of the Woman's Home Missionary society of the Connerville Methodist district at the closing session of the convention here yesterday, to succeed Mrs. Raymond Hargrove, the executive chair is again filled by a Rushville woman.

The convention closed yesterday following the afternoon session when it was decided to hold the next annual meeting of the district at the Connerville Methodist church. Mrs. E. M. Michener of Connerville was elected first vice president of the district; Mrs. J. B. Harrell of Shelbyville, second vice president Mrs. J. M. Link of Glenwood, corresponding secretary; Mrs. R. C. Hargrove, Rushville, recording secretary; Mrs. G. E. Dennett, Brookville, treasurer.

The feature of the morning session which opened at nine o'clock, was the report of the various department secretaries after which the department heads for 1918-1919 were elected. Mrs. Charles Men-Muir of Connerville was re-elected secretary of the young peoples department; Mrs. Grace French of Shelbyville, secretary of Children's work; Mrs. Ethel Fielding of Glenwood, secretary of the Mite box; Mrs. J. E. Rank of College Corner, secretary of literature; and Mrs. C. B. Harrison of Shelbyville, secretary of the supply department; Mrs. G. E. Earhart of College Corner, Temperance secretary; Mrs. T. H. Ray of Shelbyville, Stewardship secretary; and Mrs. John Fulton of Glenwood, Evangelistic secretary.

In connection with other relief work of the society, the delegates voted to take part in the national auxiliary work in the church department in the army camps. The work of the Connerville district will be restricted to Ft. Harrison where the new church, which has been erected there, will be dedicated Sunday. Funds from the local district will be appropriated to the various departments of the church.

At the closing session of the convention Miss Olivia Dunlap, whose presence at the convention added a great amount of enthusiasm which carried it through without a lagging moment, delivered an address on "The Message From the Field." Miss Dunlap, who is field secretary for the national organization, has spent a great amount of her time during the last year, working in various army cantonments and her experience among boys from every walk of life makes a story of unusual interest. The afternoon session was opened at 1:30 with an organ recital by Mrs. George Hogsett.

Classified Ads. Are
Indexed For Convenience
The Daily Republican today
begins a new scheme of indexing the classified advertisements on page 7. for the convenience of its readers. All ads. of this character will appear on this page under their proper heading so that they can be easily found. The key to the classification will be found at the top of the page.

Has The War Advanced The Age of Marriage?

Has the war advanced the age of marriage?

This is the question which has been asked here as well as elsewhere since the registration for army service yesterday, of men becoming 21 years of age since June 5 of last year. The number of married men among the 120 who registered astonished the members of the board and others. It was estimated that at least two out of every five were married and that many of them had children.

If this condition obtains all over the United States, it will undoubtedly upset the plans of the federal selection law officials because they were counting on a large percentage of the men registered yesterday to be available for immediate service.

120 REGISTERED IN THIS COUNTY

Approximately 8.2 Percent of Those Registering Year Ago, Which is Very Gratifying

18 MEN FOR CAMP SHERMAN, O.

Called For 5-Day Movement Beginning June 24—Current Quota And Quota Basis Received

One hundred and twenty Rush county young men becoming twenty-one years of age since June 5, 1917 registered for military service yesterday. The number was not ten percent of the number registering a year ago when all men between twenty-one and thirty-one were required to register, but it was as large if not larger than was expected here. The exact percentage is 8.2.

Ten percent of the registrants who have already been classified would have been approximately 147. But the record is regarded as exceedingly good when it is considered that many young men who would have been required to register yesterday had they been at home are already in the military service. Yesterday's registrants will soon be classified and placed at the bottom of the several classes in which they are put.

The county army selection board has received a call for eighteen men to be sent to Camp Sherman, Chillicothe, O. in the five day troop movement beginning Monday, June 24. The day or the train on which the men will be sent has not been received by the board, which is instructed not to notify any registrants of the call until this information is sent. The men will be sent to Camp Sherman instead of Camp Taylor, Ky., where most of the Rush county selectives have been sent, because Camp Taylor has been changed to a camp for artillery replacement units.

Men sent on the Camp Sherman call must be class one white registrants physically qualified for general military service. None shall be selected outside of class one, the instructions say, and if it is practicable, the board is ordered to leave those who are actively, completely and assiduously engaged in the planting and cultivation of crops at home for the present.

If the board should be unable to fill the quota from class one and still follow these instructions, it is expected to select such farmers who have been passed, as in the judgment of the board can be spared. Under no consideration is the board to go outside of class one to get the res-

SOME DOUBT ABOUT MAKING THE QUOTA

May Not Be Known Before Saturday Whether \$50,000 Worth of W. S. S. Have Been Sold

REPORTS ARE ENCOURAGING

Possibility of County Reaching Its Allotment Looms Up—Walker Township Leads

With the War Savings stamp drive ended last night at midnight, the executive committee of the county campaign was in doubt today as to the amount of stamp sales.

The reports as each canvasser submitted their final results to the headquarters today, were showing totals which in many cases were far in excess of the expectations of the executive organization and although last night's estimations pointed to the fact that Rush county would probably not exceed the two-thirds objective in the drive for \$50,000, the reports which were coming in this morning were most encouraging and the possibility of the county securing its apportionment in the drive loomed up.

The state headquarters have notified local authorities that the final report on the drive must be sent to them not later than Saturday evening. So, in order that the canvassers might be given ample opportunity to complete the checking up of their territory, the subscription reports may be sent in to the office headquarters here during tomorrow and Saturday morning.

The stamp sales took a bound yesterday and as the drive was on its home stretch, numerous large subscriptions were picked up throughout the county. Many of the orders which have been taken for stamps during the drive, however, are for future deliveries, not to be purchased until later in the year.

With their usual promptness and enthusiasm in the war savings stamp sales, Walker township with headquarters both at Maumilla and Horner, is making the best showing of the county and Ripley township is a close second. The work in Union township has been excellent with the star woman canvasser of the county, Mrs. Oscar Reese, reporting an incomplete canvass of \$1,650.

The report from half of Richland township which is being canvassed under the direction of Joseph Pike, has been submitted, showing a total canvass amounting to \$2,190. In Walker township where the work has never lagged for a day, Albie Hurst who has taken a prominent part in the work, has reported a canvass amounting to \$1,000 in his district.

Secretary McAdoo has sent throughout the nation the call for enlistment in the army of "War Savers" in the June Drive for pledges for War Savings Stamps and Thrift Stamps. He names June 28 as National War Stamp Day.

The message from the secretary, calling for the effort of the war savings organizations the country over, appeals for the co-operation and aid of every institution or group that through its influence or active support can help further this work. He says:

"It is essential that the American people economize and save in order to make available to their government the money indispensably needed for the war and to release supplies and labor required for the production of things necessary for our own military forces and for the military forces of the nations associated with us. One of the best methods of bringing about this result is for everyone to pledge himself to econ-

All the Former Excellence Plus Many Refinements

THIS NEW REO LIGHT FOUR is, in all mechanical essentials, the same as its famous predecessor—Reo the Fifth, "The Incomparable Four."

THAT IS TO SAY, those principles of design and of construction which made that great Reo famous the world over for dependability and low upkeep, have all been retained.

WHEN YOU CONSIDER that that Reo Four remained standard in practically the same form for eight seasons (longer than any other automobile ever built save one);

IT MUST HAVE BEEN wonderfully right at every point; must have been. For during those years an host of rivals and imitators came and went.

AND ALWAYS REO maintained its supremacy.

SO WE FEEL that the best possible recommend for this latest Reo—this New Light Four—is to say that all those principles of design and that same quality have been retained.

REFINEMENTS have been made at many points however.

WE PREFER THE TERM "refinements" rather than improvements. For, truth to tell, no owner of a Reo Four could suggest an improvement in that great car.

REO ENGINEERS, at the same time the most experienced and the most progressive, are always seeking opportunities to refine details of Reos.

AND THEY FOUND WAYS to make parts of this chassis, always the most accessible ever built, still more accessible.

ALSO MORE POWER has been developed in the same motor by refinements of valve mechanism; better balance of reciprocating parts.

THE OILING SYSTEM has not been improved—no use trying to improve on what was already perfection.

ODDLY ENOUGH when we begin to talk about this New Reo Light Four, we feel an inclination to emphasize rather those features in which no changes have been made, than those where they have!

SUCH WAS THE QUALITY—such the dependability—such the low upkeep—such the satisfaction of 100,000 owners, that a better could be made only by refining details of the original model.

AND THIS ONE IS BETTER only because it is the latest, the most refined edition of that Reo Four.

WE WILL BE PLEASED to show and explain to you the points wherein these refinements have been effected—and tell you the reason for each.

IN A WORD, for your convenience—in every case. For still greater accessibility. For still longer life. And for still lower cost of upkeep.

ASK US about these things.

WHEN YOU SEE THIS REO you will say the body lines, the finish, the upholstering are the finest Reo has ever turned out.

A LUXURIOUS EQUIPAGE; as handsome in appearance as it is excellent mechanically; yet at a price less than you had planned to pay for such a car.

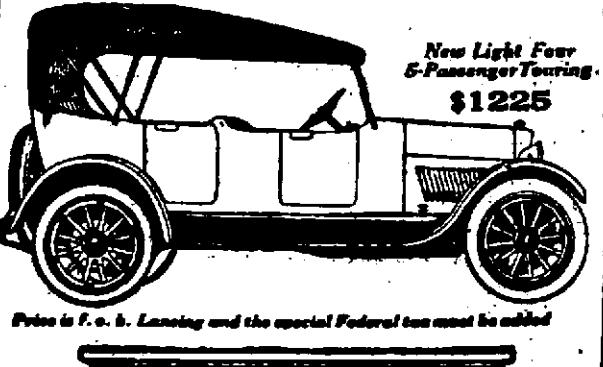

DEMAND SEEMS unlimited. At present, almost hopelessly in excess of factory output.

SO ONLY THOSE who decide now and order at once can hope to obtain a Reo Light Four for spring delivery.

TODAY won't be a minute too soon.

NEW HOSPITAL DEDICATED

To Care For Both Civilian and Military Americans

(By United Press)

Fort Wayne, Ind., June 6.—The new Hope hospital under the management of the Methodist Hospital of Indiana, was dedicated today with appropriate ceremonies. The people of Fort Wayne under the agreement made with the Methodists when they took over the hospital, will be required to raise \$100,000 toward the purchase of the institution and the church will provide the balance of \$125,000.

As the hospital will be used as the place for care of both civilian and military employees, the subscription list will be completed on the basis of war time service.

EVENING PRAYER SUCCESS

Meetings in All Parts of State Directed by W. C. T. U.

(By United Press)

Indianapolis, Ind., June 6.—First of the bi-monthly observance of an evening of prayer by the W. C. T. U. for the success of America in the war will be held this evening by W. C. T. U. organizations in all parts of the state. The prayer meetings will be held until the end of the war by request of Mrs. Celia J. Vayhinger, president of the Indiana organization.

"While the war cannot be won without food munitions and men, the strength of God promised his people is equally needed," said Mrs. Vayhinger.

SOME DOUBT ABOUT MAKING THE QUOTA

(Continued From Page 1)
Continued from Page 1
mize and save and to purchase, at definite periods, a specific amount of War Savings Stamps, thus giving concrete evidence of his support to the practice of war savings.

"To achieve this object, there will be conducted, under the direction of the Treasury department, a campaign for pledges, culminating on June 28, when loyal Americans throughout the country will be asked to commit themselves to this program.

"The progress of the war demands constant and increasing sacrifices. We are sending our young manhood to represent us on foreign battlefields, where they are called upon to sacrifice not only their personal comfort and material interests but their lives as well. It is appropriate therefore, for the American people who are privileged to remain in safety and comfort at home to consider their sacred obligation to support our gallant men and to pledge themselves earnestly to save and economize in order that our soldiers and sailors may have the food and clothing and the arms and ammunition without which they cannot fight.

"To the end that this intensive campaign may be most effective, I earnestly bespeak the co-operation of all the organizations and institutions of the Nation which, through their influence and active support can further this work. It is desirable that the attention of the entire people be centered on their obligation to pledge the Government this kind of support for the winning of the war, and with this object in view that June 28, 1918, be observed as a National War Savings Day.

"With adequate preparation for a National War Savings Day on June 28, I am sure that the American people will be glad to participate and to pledge themselves to become war savers, thereby giving concrete evidence of their devotion to their country's welfare and of their inflexible purpose to fight until a triumphant victory for liberty is secured."

120 REGISTERED IN THIS COUNTY

(Continued From Page 1)
quired number. There will be no difficulty in this respect here because there are enough selectives in class one to leave the farmer sand still fill the allotment.

Henry and Ed O'Neil, brothers, have been listed for voluntary induction on the call to supply nine mechanics for the training school at Indianapolis this morning. Two have already been listed under the call for three mechanics for the Purdue training school.

The selection board has received from the governor of the state the county's quota basis and its current quota, which are established in accordance with a proclamation of President Wilson, issued last month and based on an amendment to the draft law providing that quotas shall be determined by the number of available men in class one and not by the number of registrants.

The quota basis for Rush county is 173, which is computed from figures provided by the local board giving the number of men already inducted and the number of men in class one ready to be inducted. The current quota is sixty, which is defined as being eighty percent of the quota basis less credits since the first draft was filled.

By figuring two ways, the board has proved its calculations to be correct—that seventy-three is the number of men credited since the first draft quota of sixty-six was filled. When the board sent 31 white registrants to Camp Taylor April 27, it was informed 27 applied on the first draft and four counted on the new draft. Since that time two colored registrants have been sent to Camp Taylor, eleven white registrants to Camp Taylor, sixteen to Columbus Barracks, O., five to Fort Thomas, Ky., eight to Fort Hamilton, N. Y., six to Fort Harrison and three to Purdue. This makes 73. Eighty percent of 73 is 138, less the current quota of 60, makes 73, the credits.

The ladies of the Women's Misionary Society of the Little Flatrock church will hold an exchange Saturday in the room in Main street recently vacated by the Winship and Denning shoe store.

Personal Points

—Byron Cowing spent the day in Indianapolis, transacting business.

—Harry Sellers of Cincinnati will arrive this evening to attend the funeral of Mrs. Azalia Croswell.

—Miss Kathleen Hoggott has returned from Bayeurus, O., where she attended school during the winter.

—Mrs. Roll Miller of Newcastle is visiting Mr. and Mrs. Bert Mullin in North Perkins street for a few days.

—Miss Pauline Felts of Connersville was in this city last night, the guest of her parents, Mr. and Mrs. O. O. Felts.

—Mrs. Carl Beher is spending a few days in Decatur county, the guest of Mr. and Mrs. Samuel Anderson and family.

—Mr. and Mrs. Thomas Murray of Indianapolis spent the day in this city, the guests of Mr. and Mrs. Stephen Kelly and family.

—Mrs. E. M. Michener of Connersville has returned to her home after spending a few days in this city, the guest of friends.

—James Murray of St. Louis has turned to his home after spending month in this city as the guest of sister, Mrs. Stephen Kelly.

—Mr. and Mrs. Eli Lucas and Mr. and Mrs. Davis Wright and family of this city spent Saturday night

and Sunday with Mr. and Mrs. W. H. Hudson of Moscow.

—Mrs. Sam Young and granddaughter, Miss Zula McBride of Mays, have returned from a short visit with Dr. and Mrs. E. E. Young and son Richard in Kokomo.

—The Rev. D. L. Aultman of Cincinnati, Ohio, and Harry Aultman of Batavia, Ohio, will come tomorrow to visit Mr. and Mrs. G. T. Aultman in West First street, over the week-end.

—Mrs. Ethel Fielding of Shellyville who has been the guest of friends here for a few days and attending the convention of the Home Missionary society, has returned to her home.

—Will Fitzgerald, who has been honorably discharged from the navy because of weakened ankles, has arrived here. He enlisted last August and after three months training was on duty on a ship engaged in coastwise trade.

—Dr. E. Richardson, an assistant surgeon in the United States navy arrived home yesterday on a short absence leave from his headquarters at Fortress Monroe, Va. Dr. Richardson is engaged in the transport service.

—Mr. and Mrs. William Burns and son of Rising Sun, who have been visiting Dr. and Mrs. J. C. Sexton in North Main street for several days, went to Indianapolis last night, where they will visit before returning home.

—Mr. and Mrs. L. C. Hinckman of Indianapolis, who have been visiting Mr. Hinckman's parents, Mr. and Mrs. Alvin B. Hinckman in North Main street for the past two months, have gone to Madison, where they will visit Mrs. Hinckman's parents, Judge and Mrs. Frank Baer, for a short time, after which they will return here to spend the rest of the summer. Mr. Hinckman has sold out his drug store in Indianapolis, and will probably take a position in a bank there next fall.

TO HELP CONSOLIDATE THE WAR ACTIVITIES

Representative of Government or Mission May be Sent to Europe to Deal With Question

ASIDE FROM MILITARY AFFAIRS

(By United Press) Washington, June 6.—A plan for sending a prominent representative of the American government abroad to help consolidate war activities outside of the strictly military, is being given official consideration.

Col. House, president Wilson's confidential advisor, may be the man selected or there may be a more extensive mission whereby the white house, the war and navy departments would each have a representative.

While the war department will make no official announcement at this time, it was learned today that this proposal is now taking form.

—Joseph Clark and Claude Adams have gone to Detroit on business.

—Mr. and Mrs. Benson G. Marks of Liberty were the guests of friends in this city yesterday.

—Mrs. E. B. Poundstone has gone to Martinsville, where she will take treatment at a sanitarium there.

—Mrs. Ann Chambers and granddaughter, Louise Henry, will go to Frankton, Madison county, tomorrow to visit Mrs. Chamber's mother.

—Mr. and Mrs. E. B. Poundstone and daughter Anna Poundstone have returned home from Greencastle, where they have been visiting Mrs. Orra P. John, and attending the commencement exercises of DePauw university. The Rev. William H. Wyllie, former pastor of the St. Paul's M. E. church in this city, received the degree of Doctor of Divinity at the commencement.

CONTEST FOR MEMBERSHIP

Being Held by Young Men and Women of Pleasant Ridge E. L.

A contest is on for an increase of membership and attendance in the Epworth League at Pleasant Ridge between the young men and young women. Tuesday night, there were 101 present when the young women were in charge. The Rev. F. M. Westhafer, pastor, spoke on the subject, "Christian Education," and gave a reading in the literary program which was planned by the girls. The musical feature of the program was also handled by the young women. Next Tuesday evening the meeting will be in charge of the young men, assisted by the pastor and some surprises are promised.

TWO ARE COMMISSIONED

Charles B. Stiffler and Guy Newman Both Second Lieutenants

Guy Newman who was recommended for a commission as second lieutenant several weeks ago following an officers training course at Leon Springs, Texas, has been officially commissioned, according to word received from the lieutenant at Camp Shelby, Miss., today. He expects to be assigned to a permanent post immediately. Charles B. Stiffler who was recommended for a lieutenancy at the same time, has also received his commission. He is at Camp Gordon, Georgia.

Daps Pickings

A marriage license has been issued to Mrs. Hallie Willis, daughter of Mr. and Mrs. Ed Benedict and John M. Brown.

The case of Julius C. King, guardian of John L. King, against William Billings, on an account for \$60, has been dismissed in the circuit court and the costs paid.

Potatoes "Over There"

One of France's greatest losses in the enemy's spring offensive has been 50,000 acres of land sown with potatoes by her soldiers behind the lines.

Germany announces this capture to the German people with as much glee as if each one of these acres had been a gun, for Germany does not have to be told the value of potatoes. She herself has reduced potato production to such a science that with less than one-tenth of our area she produces five times as many potatoes as we do in the United States!

Nevertheless with this immense potato supply, she doles out her potatoes to her people afraid that they will waste this valuable vegetable if she allows them to have too many at a time on hand.

Last winter in Berlin the potato ration per week per capita was 7 lb. 10½ ounces. Until the possibility of getting rich wheat supplies from Russia opened up, there was considerable agitation throughout Germany for a larger potato ration, for the German Hausfrau knew if she could put plenty of potatoes on her table her family would never miss the lack of bread.

England, too, has learned that she cannot afford to slight this nourishing, if unhearty vegetable. Perhaps it's the Irish who have taught her that with plenty of potatoes she can bear her lack of meat and wheat cheerfully!

So England, like Uncle Sam, is doing all she can to encourage her people to a greater production of potatoes next year and to teach her people to eat this vegetable freely in place of bread.

Are You Feeling Old Today?

MORE OFTEN than is recognized do middle-aged men and women mistake kidney trouble for on-coming old age.

Tired, weak or deranged kidneys do not filter waste matter out of the blood as they should and backache, tired feeling, billowing, sore muscles, stiff joints, rheumatic pains, irritation of the bladder, puffiness under eyes or other symptom or ailment appears.

Foley Kidney Pills

Strengthen kidneys, stimulate the bladder and tone up the liver. They help the kidneys remove the accumulating poisons and soothe and heal the passages. When the kidneys and urinary tract are doing their work perfectly, the whole system is benefited and restored to health and strength.

Louis Buckner, R. F. D. 1, Box 38, Somerset, Va., writes: "I was feeling all run down, tired, with pains in my back. After taking Foley Kidney Pills I feel like a new man and will speak words of praise anywhere I go among my friends. You can use my letter if it will be of any service at all to you." You can get

Foley Kidney Pills in two sizes, 50 and 100.

F. B. JOHNSON'S DRUG STORE

Save Burlap

Twenty-one million yards of burlap—a material now growing scarce because of its increased use in trench warfare, food shipments, and because of reduced importations—could be saved if fertilizer dealers would use 200-pound bags instead of the more common 100-pound size. Pointing out that the burlap situation is steadily growing worse, the United States department of agriculture makes this suggestion to fertilizer haulers for conserving the supply. The monetary saving possible in handling the 3,000,000 tons of fertilizers, now shipped in smaller bags, in 200-pound bags rather than in 100-pound sacks would be approximately \$4,000,000, it is estimated.

Bags are not only scarce, but the jute from which burlap bags are made is imported from India, and the shortage of ships has materially interfered with the supply, while the necessity of furnishing bags for the Army for trench use will further deplete those available. The total amount of fertilizer used in the United States annually is about 6,000,000 tons and of this at least half is being shipped in less than 200-pound bags. A shortage of burlap would ultimately reflect on such uses as for fertilizers in view of the priority need for food containers, and it is held necessary that the use of burlap for carrying fertilizers should be cut to the greatest possible extent.

Another way in which burlap can be saved is by the use of secondhand bags of any size. Many of these are on American farms. Dealers in secondhand bags pay from 6 to 15 cents each, depending on size and condition.

Let George Do It

When our first troops began crossing the Atlantic there was a general feeling of dread throughout the country that they would be at the mercy of the enemy submarines. As the time passes, however, and our transports one after another arrive safely on the other side and return for another load, this feeling is gradually leaving the public mind, and we look with confidence to the prospect of putting millions of men into France with a minimum of loss from the assassins of the sea. It might be well to mention the two leading agencies in this task of rendering the passage of our troops comparatively safe. Some have criticised our navy for seeming inactivity, appearing not to know that but for it our troop ships would be at the mercy of the undersea boats.

A German military expert, in explaining that country's poor success in preventing the passage of our troops, says: "American transports travel in convoys well protected against attack, and are very fast. Thus the submarines have a most difficult and dangerous task. It is not important for us to destroy the American troops. Hindenburg will take care of that. What we must destroy are tonnage and cargoes." Which is a very sensible manner of viewing the question, but which Americans would call "passing the buck." The subs are perfectly willing to let Hindenburg attend to the troops, and every American heartily agrees in the sentiment. The troops themselves are equally willing and ready to tend to Hindenburg.

How would you like to pay \$1.70 per copy for a daily morning paper? People in Washington who are willing to pay that price can get the New York Times by aeroplane mail service.

The Bureau of Food Administration meets daily. Do you suppose they enter into conversation about conservation, or do they prefer conversation to conversation?

There seems to be some diversity of opinion about what the American soldier is to be called. But whether he is to be known as Sammy or Budgie or Yank he is our boy all the same.

FIGHT ON SHORT NOTICE

With the American Army at the Marne, June 6.—Americans fighting the Germans on the Marne furnished the most strategic movements of the war since the army saved Paris under French command, at Chateau-Thierry they did work that is surpassed by exploits of troops who saved Paris. The Americans who drove the Germans back received half an hour's notice to start for the front.

War Hints

War Helps

War Duties

This week the Red Cross is making a drive in Indiana to enroll nurses and get students for the nurses' training schools. The public is asked to get along with as few trained nurses as possible these days, because the Red Cross needs them and needs them badly.

Just a few reminders: Build silos! Economize! Buy coal for next winter! Invest in war stamps! Until next harvest, forget there is such a thing as wheat flour! Write to the soldier boys! Think and talk victory!

Most of us are too busy these days to do police work on the side, BUT, if you know, for sure, that some resident of the state has been making disloyal statements, send the facts in the case and the names of witnesses to L. Ert Slack, U. S. district attorney, federal building, Indianapolis.

Briefly, Mr. Hoover says to you: We still need meat and meat products to send abroad. In the allied countries each person has been reduced to an average of 14 pounds per week. Over here we average 31 pounds. This average should be cut to two pounds, including poultry. Go easy on meat and meat products. Also continue to go very, very light on sugar. Most of the supply this summer will be needed for canning and preserving. As for wheat, the situation is so serious that all persons who can do so without affecting their health or working efficiency are asked to abstain from wheat until the next wheat comes in.

The Indiana Committee on Food Production proposed to name a man in every township, to confer with the growers and millers and elevator men, so that all the crop will be properly harvested and delivered and the best fields inspected and held out for seed.

Farmers are being urged to raise a world of beans and then store them carefully in paper or "seamless" cloth sacks, so that the weevils cannot get at them. So long as more meat is needed abroad the true patriot will demand beans frequently.

The State Council of Defense, responding to a call from the president and the National Council, calls upon the people of Indiana to make the celebration of this coming 4th of July a day of patriotic fervor and consecration. A special invitation is given to citizens of foreign extraction to join with their brothers in a declaration of loyalty to the flag. Independence Day will have a big significance in 1918. Begin planning immediately to make it a shining day in the history of the state.

If we grow fifty million bushels of wheat in Indiana this year and the elevators can receive only about eight million bushels at a time, it means that a lot of wheat will have to be stored on the farms while the crop is being moved. Therefore clean up the bins and see that they are grain-tight.

So many "drives" and campaigns these days, sometimes we can't keep track of all of them. For instance, did you know that this week, from June 3rd to June 5th, had been designated as Coal Week? You are reminded that if you have to look into an empty coal-bin next winter, possibly it will be because you did not camp on the trail of your coal dealer until you got your supply carefully snugged away for the cold weather.

It is the sense of the Indiana State Council of Defense that lawyers should not collect fees for clerical work on behalf of dependents who are seeking to collect allowances due from the Government. In each county there is a legal aid committee which will assist the relatives of soldiers in adjusting all rightful claims against the government.

The men of fighting age in Indiana who have been put into deferred classes are asked to co-operate in food production and to lend organized assistance to all war activities. The State Council has so voted.

Furniture

The Gift Appropriate for June Weddings

This---The Year of Years to Give Furniture

Because it's sensible, it's useful—it's an investment for the home.

Those young people who are to be married in June should select their furniture now.

Here they'll find a large stock, carefully selected suites for the dining, bed and living rooms, beautifully designed to carry out that individuality that should be expressed in every home—and moderately priced within reach of every purse.

A store service willing to assist in every possible way.

Why not come down and get the ideas of just what you want? It will be a pleasure to show you.

Eight Cylinder Touring Car

The Eight Cylinder Oldsmobile occupies distinctly a place of its own in the ranks of motor cars. Attractive in design, remarkable for completeness of appointments and refinement of finish, it combines unusual power with ease of operation and economy of maintenance. These with many more good qualities assures the owner satisfaction far out of proportion to the moderate investment. Such a car will be a source of happiness, service and pride for many years.

C. H. (Nick) TOMPKINS

Doctor said, "Bio-feren had done wonders for her."

Case 1724—School teacher; Residence—Kentucky; severe operation; left her weak, anaemic, nervous; low vitality. Physician recommended Bio-feren. Two weeks treatment showed remarkable improvement. Doctor reported, "Bio-feren had done wonders for her."

Another case—Pennsylvanian, reports: "I have taken about one-half of the Bio-feren pellets and must confess that I feel like new."

A Kentuckian woman says: "I have taken Bio-feren regularly and feel much benefited. I can use my arms much better. However, can not get my hands to my head sufficiently to comb my hair, but I feel that I will soon be able to do that."

You want the vigorous health and ruddy beauty that is dependent on strength, nerves and red blood. Everybody does. Read those reports above, again. You, too, if you are dragged down in health and strength because of overwork, worry, nerves, and similar causes can rebuild your health and strength with Bio-feren. It is not a stimulant. It is a builder—a builder of better health.

Bio-feren contains some of the best ingredients known to the medical world and is indicated for the treatment of run-down conditions due to overwork, worry, anaemia, melancholia, nervous debility, debility following infectious diseases, convalescence from acute fevers, etc.

There is no secret nor mystery about Bio-feren. Every package shows the elements it contains. Ask your physician about it or have him write and we will send him complete formula.

And don't forget that Bio-feren is sold only on condition that you will return the empty package and allow us to refund your purchase price if for any reason you are not fully satisfied. Please bear that in mind for it is very important.

Bio-feren sells at \$1.00 for a large package. Your druggist can supply you or we will send it direct upon receipt of \$1.00; six packages for \$5.00, should you have any trouble in securing it. The Sentinel Remedies Company, Masonic Temple, Cincinnati, Ohio.

FORCEFUL WAR ADDRESS AT MEET

"The Soul of America" is Subject of Commencement Speech Delivered by C. W. Whitman

142 STUDENTS GRADUATE

America's Motives in Unsheathing Sword Told to Record Audience in Annex Auditorium

"The Soul of America," the forceful address which the Rev. C. W. Whitman of Seymour delivered before the Rush county common school graduates yesterday afternoon in the auditorium of the Graham Annex told the story of America's part in the spreading of democracy through the world as it had never been told before a Rushville audience.

More than a thousand people crowded the auditorium to witness the exercises and despite the intense heat every available inch of standing room was utilized on both the lower floor and balcony. One hundred and forty-two graduates were seated by township rotation on the stage which was decorated for the occasion in American flags and flowers.

As the graduates took their places on the platform, the orchestra played a number of selections which was followed by the invocation asked by the Rev. Mr. Clyde S. Black. At the close of another short musical program the Rev. Mr. Whitman delivered the feature address of the afternoon.

"We have talked of German efficiency," declared the speaker in the opening sentences of his address, "and we have been taught that anything which came from Germany was the best because of the efficiency of the workers, and yet every invention in wireless lines, every invention in mechanical lines during the past twenty-five years is placed at the door of America.

"There is one line, however, in which the Prussians are more efficient than our American Sammies over there," emphasized the lecturer. "The paganism which under the direction of the military heads of Berlin has led them to lay waste beautiful cities, to destroy art which can never be replaced, to burn churches, to disregard the Red Cross, to turn a deaf ear to the pleadings of old men, to women and to babes and to outrage European maidenhood, that paganism has turned to a white heat the smoldering resentment of America whose brilliant young manhood, no longer able to stand by and witness these outrages, was forced to unsheathe the sword of right and avenge Democracy.

"The soul of America is the root of liberty and the freedom of the oppressed. When America fails in her duty to assist the weak, when she allows such beasts as the man who rules the millions of Huns to persecute innocent nations in order that his greed for gold, his greed for territory might be satisfied, then America will have sold her birthright, she will have given up all that is nearest and dearest to Americanism.

"When the time came to choose

Rheumatics No Longer Gloomy

They have used "Neutrone Prescription 99" and found it there with the punch that kills Rheumatism.

Only the skeptical now suffer. The victims of Rheumatism all tell the same story, they have sore, inflamed muscles and stiff joints, they have no

ambition or strength and get nervous, cross and irritable, which is not to be wondered at. Thousands of old time Rheumatics are now in the best of health after using "Neutrone Prescription 99."

Its satisfied users are its best advertisers, pretty good advertisers, too.

No matter how little or how much you suffer go and get a bottle of "Neutrone Prescription 99." You will be surprised at the results. Those sore, inflamed joints and burning, aching muscles will disappear, and you will feel fine every hour of the day. Mail orders filled on \$1.00 size.

PITMAN & WILSON and leading druggists everywhere. Rushville, Ind.—(Adv.)

MRS. AZALIA CROSWELL DIES AFTER OPERATION

Daughter of Mrs. Exie Gillispie Expires Here at the Age of Twenty-seven Years

FUNERAL TOMORROW AT 2:30

Mrs. Azalia Gillispie Croswell, 27, daughter of Mrs. Exie Gillispie, of Maple street, died yesterday evening shortly after four o'clock following an operation which was performed Monday.

The deceased had been suffering from chronic appendicitis for several months and during the past five weeks other internal trouble developed which necessitated an operation. Mrs. Croswell had spent her entire life in this vicinity and was a graduate of the Rushville high school. She is survived by a little son, Franklin; her mother, Mrs. Exie Gillispie, two sisters, Miss Anna Gillispie of Valparaiso and Mrs. Mert Wolcott of this city, and one brother, Francis Gillispie of this city.

The funeral services will be conducted tomorrow afternoon at 2:30 o'clock at the residence with burial in the East Hill cemetery. The Rev. Clyde S. Black will have charge of the services.

SCION OF COUNTY SAMMIES IN FRANCE

Albert Cox Son of Mr. and Mrs. A. J. Cox of This City Ready to do His Bit in Fight

RALPH MATLOCK ARRIVES

With the announcement of the safe arrival of Albert Cox on foreign shores, one of Rush county's youngest sons, engaged in the world struggle, is ready for duty at the front.

Young Cox is the seventeen-year-old son of Mr. and Mrs. A. J. Cox of this city, who during the past few months has been in training with the eighteenth infantry regiment. His brother, Elbert Cox was among Pershing's expeditionary forces and one of the first American boys to arrive on French soil. He is now in the midst of the fighting somewhere on the western battlefield.

Announcement of the arrival of Ralph Matlock, nephew to Dan Matlock and Mrs. Maxie Bates, has also been received by relatives here.

between war and autoocracy, America chose the lesser of the evils.

Had she not done so, the war would

have been over for the present—the Huns would have entered Paris, and

within the next ten years America

would have had to cross swords with the ugliest beast in the world

today—Prussian autoocracy."

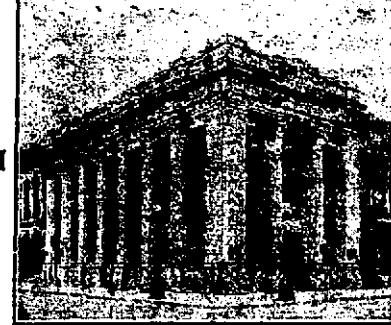

"With the soul of America, with all that America holds dear thrown into the greatest struggle of the world, there can be but one outcome, and that is victory for the right, victory for democracy. America is in the midst of the fight and she will not turn back. When the word from over the sea comes to us that peace is again placed on the throne of the world, we will know that the Stars and Stripes have been victorious and autoocracy has been defeated."

At the close of the address the diplomas were distributed by C. M. George, county superintendent, and after the awarding of medals for perfect attendance, a short musical program completed the exercises.

MINE FIELDS DESTROYED

Lewis, Delaware, June 6.—A perfectly laid mine field at the mouth of the Delaware bay has been torn to pieces by United States mine sweepers in an unusually short time. The navy exploded new mines planted by U-boats at the entrance to the port of Philadelphia and brought eight others to the naval station here. These sweepers are still combing the bay and its approaches. The mines are at the mouth of the bay beyond the breakwaters and in the path of outgoing ships.

Professor E. T. Huntington, of Cleveland famous organist will give a short recital this evening at the prayer meeting service of the Main Street Christian church.

In a Little While a Pain. Same Misery. No Relief Till Pep-sinco is Found. Moral—Keep Pep-sinco on the Table and Take After the Meal.

Pep-sinco never fails to give almost instant relief in indigestion, dyspepsia, sour stomach, bloating, sick headache. Thousands of satisfied users will vouch for Pep-sinco, simply because it is always ready.

Pep-sinco acts quickly and is safe and sure. It digests perfectly all that is eaten. The stomach is a peculiar organ. It will not allow an overdoing. It cries out when it is worked too hard. It sends a wireless for help and it behooves every one to watch for the sign.

Mr. R. said: "I would't be without Pep-sinco, if it costs ten times what it does." He said it keeps him well. Many persons say the same. Pep-sinco is a true friend. It is guaranteed to help in every instance when the stomach bothers. All druggists recommend it and sell lots of it.

BE PRETTY! TURN GRAY HAIR DARK

Try Grandmother's Old Favorite Recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and trouble. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Society

The meeting of the Tuesday Study club of Washington township Tuesday afternoon at the home of Mrs. Ida Dobins east of Raleigh, marked the closing of the year. Three guests Miss Olive Manlove, Mrs. Oscar Gordon, and Miss Lou Caldwell, besides the members, were entertained, and the hostess was assisted by Miss Chloe Dobins. Mrs. Emma Sweet read a paper, "Noted Women of America," "Federation and What It Means" was developed in an interesting manner by Miss Zula Juekeon, current events were discussed by various members of the society, and the singing of the Star Spangled Banner completed the program of the afternoon.

A social hour followed during which time dainty refreshments of strawberries and wafers were served by the hostesses. The next meeting which will be held in September, will be at the home of Mrs. Ada Miles.

* * *

W. H. Hudson was the guest of honor when a number of his friends and relatives surprised him at his country home near Moscow, Sunday, the occasion being his sixty-sixth birthday. Pink peonies and roses were used in profusion about the various rooms of the house and also adorned the table when the splendid pitch-in dinner was served. Covers were laid for the following guests: Mr. and Mrs. Eli Lucas of Rushville, Mr. and Mrs. Davis Wright and sons, Earl, Glen and Roy and daughters, Blanche and Mildred and Mr. and Mrs. Oliver Hudson and sons Loyd and Marion, of Raleigh.

* * *

The marriage of Miss Gertrude Snider, daughter of Mr. and Mrs. Charles Snider of Fountaintown and Paul Zike, son of Mrs. Ella Zike of Morristown which took place at Louisville, Ky., Tuesday, has been announced. The young couple, who are well known here, will reside on a farm near Morristown.

* * *

Miss Alice Norris will be hostess to the members of the Friday Afternoon Embroidery club, tomorrow afternoon at her home in North Harrison street. Red Cross sewing will be done.

* * *

Martha Poe chapter 140, O. E. S. will hold their regular meeting in the Masonic Temple tomorrow evening at 7:30. A good attendance is desired.

* * *

The members of the Five Hundred club will be entertained tomorrow afternoon by Mrs. J. C. Sexton at her home in North Main street.

FORMER SPICELAND BOY IS ARRESTED

Nelson Covey of Spiceland is Accused of Robbery When he Re-visits Old Home

GOODS WORTH \$1,000 TAKEN

Nelson Covey, of Chicago, son of J. E. Covey of Spiceland has been arrested as a participant in the robbery of the Alton-Evans dry goods store in Spiceland a few weeks ago.

Goods valued at more than one thousand dollars were taken from the store early one morning and although a thorough investigation of the case was made by officials there, no trace of the robbers could be obtained. The case was turned over to private detectives, which resulted in the arrest of the former Spiceland boy. Mr. Covey was visiting his father there at the time of the robbery and upon his return to that place yesterday was taken into custody by the authorities.

The Five Hundred club with Mrs. J. C. Sexton, in the afternoon, at her home in North Main street.

Last Chance To Register To Be Given

Booths Will be Maintained in Rushville Saturday Because it is Frightened Every Woman Has Not Been Given an Opportunity. Four Thousand Women Have Been Registered But There Are Others Who Should Be.

Mrs. Louis Lambert, chairman of the woman's registration committee for Rush county, announced today that while the work of registration is being rapidly completed in all townships, incoming cards indicate that in some places women have not been reached and the opportunity of registration has not been afforded them.

Because of this, a final registration day will be observed Saturday afternoon and evening when in some store in the downtown district a registration booth will be operated.

Four thousand women have been registered in Rush, according to the cards which have been turned in to the headquarters, but as the cards indicate that much of the women power of the county is not represented in the canvass a last call to keep Rush county women from being registered among the slackers of the nation will be made Saturday.

The reports from various townships are not complete and with one township still not heard from there is little doubt but that the close of the campaign will find Rush county close to their goal of five thousand.

The keen interest and enthusiasm manifested in the work of registration by women in all parts of Rush county has been most gratifying to the township and county chairmen, many of whom report numerous telephone and written inquiries by women anxious to register and who feared their particular ward or precinct had been overlooked. To all such inquiries the assurance has been given that these districts would be visited as rapidly as the registrars could cover the ground.

Amusements

George Beban in "One More American," a picture which deals with the winning struggle of an immigrant to make friends of Americans, will be at the Princess tonight and tomorrow a feature picture, "Wild Youth," will be the attraction. Alice Joyce will be here in "The Song of the Soul," on Saturday and Toto will appear in a comedy, "One Night Stand."

A story of the age-old call of youth to youth will be seen when the J. Stuart Blackton Paramount Photoplay, "Wild Youth," will be shown. "Wild Youth" is an adaptation of Sir Gilbert Parker's famous book by that name and has been pictured and personally directed by Mr. Blackton himself. The story deals with the love of a young rancher for the girl wife of a crusty old neighbor—the latter role being taken by the inimitable Theodore Roberts. The old husband is murdered and for a time the dark shadow of suspicion points to the girl wife and her young admirer—but events prove that another agent brought about his end. The photography which is by Paul Perry, adds greatly to the charm of the picture and the outdoor scenes, filmed in sunny California, will be greatly appreciated.

SILKS Meet the Appeal of the Moment

Fabrics made for long service were never so desirable as now.

No other fabric meets quite so completely the appeal of the moment—the need for economy; the demand for conservation; the desire for style attractiveness.

SILK GINGHAM—remain in favor—in fact, prophets are not wanting to predict a summer vogue of silk ginghams. A beautiful variety of shades and colors—nothing to be found more serviceable.

SILK JERSEYS—in many attractive colors for sport wear—very durable. Now shown in Turquoise Blue, Kelly Green, Beet Red and Geranium.

WASH SATINS—in pink, flesh and white at \$1.25 to \$1.75 a yard.

PONGEE SILKS—excellent for service—in navy, black, pongee, duck and blue at \$1.25 a yard. YO SAN and KHAKI KOOL SILKS—very popular this season—can be worn on any occasion—oyster and pongee at \$2.00 and \$2.50.

GEORGETTE, CREPE DE CHENE—all the wanted shades shown here at popular prices. TAFFETA SILKS—Belding's and Skinner's all guaranteed 36 in. taftas in the season's best shades. SILK SHIRTINGS—now extremely popular for men's wear—a fine assortment of patterns at \$1.00, \$1.25 and \$1.50 the yard.

SILK

TRAVEL DISTANCE OF 1,500 MILES TO WED

Miss Emma Stanley of Meridian, Miss., and Lt. B. B. Burrows Meet Here and Are Married

HUSBAND FROM CAMP MEADE

Traveling a combined distance of more than fifteen hundred miles to

"Gets-It"—2 Drops— Then to the Dance!

**Goodnight to Corn Pains—Corns
Peel Off With "Gets-It."**

Say, girls, you can laugh at them shucks or damp corn-pulling weather, big bumpy corns, calluses, on the soles of your feet, corns between the toes, hard and soft corns,

*"It's All Off With This Fierce Corn Now—
'Gets-It' Is Magic."*

if you will just touch the corn or callus with a few drops of "Gets-It". What a blessed relief it gives to corn pains! You won't have any more. You can enjoy the dance every minute. Then to see how the corn or callus will come right off complete, like a banana peel and without the least pain, is just wonderful. "Gets-It" is the biggest seller among corn removers in the world today, simply because it is so wonderfully simple and always works. Be sure you get "Gets-It", guaranteed, money-back corn-remover, the only sure way, except but a trifle at any drug store. Mfd by E. Lawrence & Co., Chicago, Ill. *It is distinctive and recommended as the world's best corn remedy by Hagrove & Mullin.*

LAVINA PITCHER EXPIRES

Former Rush County Woman Will be Buried at New Palestine Monday

Mrs. Lavina Pitcher, widow of James F. Pitcher, died Tuesday at her home in the state of Washington, according to word received by her cousin, George W. Thomas. She was born and reared in western Rush county and lived in New Palestine before moving to Washington. The body will reach New Palestine next Monday for interment. She is survived by two daughters and two sons, J. Q. Thomas and Mrs. William M. Alexander of this city and Mrs. Jack Springer of this county were cousins.

Rush county, Miss. Emma Stanley, daughter of W. E. Stanley of Meridian, Miss., and Lieut. Boyle B. Burrows of Camp Meade, Md., son of Mr. and Mrs. Sheldon Burrows of Miami, were married here yesterday afternoon at the Methodist church parsonage, by the Rev. Clyde S. Black.

Mrs. Burrows who is a teacher in the Meridian public schools, arrived yesterday morning shortly after the train carrying Lieut. Burrows from the eastern camp steamed into the city and they were married. They are spending their honeymoon with the bridegroom's parents, after which Mrs. Burrows will return to her home and Lieut. Burrows will go east again where he will await orders to cross the sea.

Lieut. Burrows was commissioned recently in the engineering department of the army and previous to his training at Camp Meade, he was serving in the engineers' headquarters as master engineer at Camp Shelby, Miss.

County News

Mrs. Chester Short and children spent Sunday with her mother, Mrs. Brock.

A good crowd from here attended the Children's Day exercises at Center last Sunday night.

Kyanize

White Enamel

Every woman who loves the shining velvety whiteness of enamelled woodwork and furniture should know about Kyanize White Enamel.

It is liquid brightness. The lustrous porcelain-like finish it gives to wood, metal or plaster is like the sunlight on the snow.

Best of all, the beauty of Kyanize is enduring. It laughs at wear, weather and wet. In fact, water is good for it.

The Kyanize Line of Finishes and Enamel
